

Düsseldorf, 3 November 2020

IMPORTANT UPDATE: Felzmann to postpone Autumn Auction until 1 to 5 December 2020

The Felzmann Autumn Auction for stamps and coins will not take place in the first week of November as planned but will be held between 1 and 5 December 2020 instead.

This is due to the stricter coronavirus regulations that have been imposed by the federal state of NRW since 2 November 2020. As Ulrich Felzmann explains: "Regrettably, it was not possible for us to hold the auction as planned under the current circumstances. We regret that the decision was taken at such short notice by the Public Order Office (*Ordnungsamt*) but will make the best of it and look forward to holding the auction in early December instead."

The viewing week will continue until 6 November. Further viewing sessions can be arranged. All bids will remain valid. The catalogue will continue to be available online and bids will continue to be accepted.

As things currently stand, the auction will be able to take place at the beginning of December, also with a limited number of bidders on location. However, in the event that stricter conditions are introduced for events, the auction house reserves the right to hold the auction with two commission agents on location and live (with live bidding) on our online platform.

A great many additional photos have been uploaded to the online catalogue over the last few days, particularly in the Collections section. This means that it will certainly be worth your while to take another look in the catalogue.

If you have not registered with Felzmann as an online bidder, you can find the necessary form [here](https://auktionen.felzmann.de/Account/Login) (<https://auktionen.felzmann.de/Account/Login>).

Should you have any questions or need any assistance, please do not hesitate to contact us.
